Retirement Services (RS) is working towards a fully digital retirement application process; RS is working with agencies and payroll offices to update legacy processes. During this period of transition, RS is still receiving many new retirement claims on paper.

- In March RS Received 14,759 new retirement claims; of these 8,830 were digital and 5,929 were paper.
- The processing of digital cases is faster. With systematic checks of data, annuitants experience less delays due to missing information or incomplete packages.
- In March digital cases were processed in 39 days, and paper claims were processed in 79 days.
